URGE CITY TO TAKE HOSPITAL OFFER

Chamber Finds Virginia and Old Dominion Desirable for Present Use.

CLAIM IT IS PROFITABLE

Board Plans Festivities to Mark Opening of Sixth Street . Building.

Acceptance by the city of the Virginia Hospital and the Old Dominion Hospital, to be used jointly as the city hospital for emergency cases and indigent sick, is strongly recommended to the Council in resolutions adopted yesterday afternoon by the board of directors of the Chamber of Commerce. The central location of the two hospitals, their proximity to the medical

colleges, and the destrability of separating the sick poor and paupers, are advanced as reasons why the city should take advantage of the Medical College of Virginia proposition.

The resolutions, which were offered by L. Z. Morris, were adopted unantimously after Dr. Stuart McGuire and Dr. S. C. Mitchell explained the proposal and the profits to be derived by both city and medical college.

Text of Resolutions.

The resolutions read:

The resolutions read:
Whereas, Richmond has for years felt the need of a new city hospital in order to separate the sick poor from the aged inmates of the City Home, and Whereas. The Medical College of Virginia has tendered the city the use, without cost, of the Virginia Hospital, furnished, for the white sick poor, and

as Louisville is building to-day at a cost of \$1,000,000, we do not think that the city is in a position to-day to execute such plans. We are convinced, however, that the use of the Virginia and Old Dominion Hospitals for a few years will answer the needs of the city until plans have been matured for a new, modern city hospital.

To Celebrate Opening.

To Celebrate Opening.

Virginia has tendered the city the use, without cost, of the Virginia furnished. For the white sick poor, and the Old Dominion Hospital with an adjacent modern dwelling, for the colored sick poor, both centrally located and well adapted to meet the present Resolved, That the Richmond Chamber of Commerce urges upon the city government the acceptance of the use of these two hospitals for the purposes stated, for the following reasons:

1. The separation of the sick poor from the paupers in the City Home is a necessity, and must be remedied as speedily as possible, as all our cities as speedily as possible, as all our cities as speedily as possible, as all our cities and the city in city of these hospitals is a decident demanding immediate treatment, and as regards of the edings are singards cases of accidents demanding immediate treatment, and as regards to the city in carring for its sick poor.

2. The contral location of these hospitals is a decident demanding immediate treatment, and as regards to the city in carring for its sick poor, because the expensive apparatus of the college will be used, without cost, by the medical staff for the benefit and speedy cure of the city's sick poor.

4. We believe, therefore, the acceptance of this offer will be of mutual advantage both to the city and the city in the

Thursday for its new session two former teachers will again be on the faculty—H. B. Handy and Harry L. Snead. Mr. Handy, who taught for five years, and resigned two years ago to go to Harvard, where he received has Master of Arts degree last June, will take charge of the English department. Mr. Snead, who gave up his instructorship to complete his law course at Richmond College, will succeed Clay S. Cole, resigned.

TO REMOVE KINKS

Features in Primary Law Which Led to Confusion Can Be Easily Remedied.

Changes in the primary election law, s adopted by the last session of the General Assembly, in order to make its provisions more clear, and to simplify the procedure of tabulating the reurns, are recommended by Secretary

J. N. Brenaman, of the State Demo-cratic Committee, and by the commit-tee of checkers which assisted him in compiling the returns of the recent State primary. Dealing with the ac-tual conditions as they were found to exist, not with the theories of primary legislation, the committee found para-graphs in the law which could be congraphs in the law which could be con strued in two ways, some precinct judges reporting their returns to the ounty chairman, some to the State

Chairman, and some to both.

While he favors a simplification of the procedure and a clearer statement. of how the returns should be made than is contained in the present law, W. A. Crenshaw, who represented John Garland Pollard at the tabulation, said that he favored a system by which the original precinct certificates, made by the judges of election when they ly the judges of election when they counted the votes, are sent to the State committee, even though duplicates be sent to the county committee and a

The old plan, Mr. Crenshaw pointed out, gave a loophole for fraud. The precinct returns are made out by the judges of election immediately after counting the ballots, and usually in the presence of a number of checkers and friends of the candidates. If sent to the county chairman, that official might make his compilation of pre-cinct returns in private, and there would be no way of checking up such errors as he might make, either in-tentional or clerical, unless the State committee had the original precinct returns with which to check the county chairman's figures.

At Mr. Brenaman's suggestion, a com-mittee was named by the State Demo-cratic Committee to draft such changes in the primary law as will simplify procedure, make clear the duty of election officers, and provide a more expeditious way of handling the returns. such suggestions on the part of the committee to be made to the General

Merdin, N. H., September 12 .- Presi dent Wilson sat in a grove of pine trees to-night and saw his youngest daughter, Miss Eleanor, play the star role in a pastoral masque symbolizing the protest of the naturalist against the slaughter of birds for millinery pur-

With a dramatic skill which surprised her closest friends, as it was her first attempt, Miss Wilson voiced in soft and appealing tones the spirit of the bird-lover exhorting the hunter to forsake

The sharp crack of a gun followed by the sudden fall of "Ornis, the bird spirit," Miss Wilson's role, marked the climax of the piece. Wounded and sobbing, "Ornis" is consoled by the fauns, poet, dryad and naturalists, who in the end dissaude the repentant plume hunter and make of him a bird lover. The President's daughter spoke her lines with careful expression and was

the President's daughter spoke her ines with careful expression and was inthusiastically applauded.

The setting was both unique and sicturesque. Those in the audience composed entirely of the artists, poets, playwrights and literary folk from Cornish, and surrounding hills, were costumed in vari-colored gowns and toats, and sat on rough wooden benches lixed on a slope of a hill at the foot of which was the stage. This was marked enthusiastically applauded. picturesque. composed entirely of the artists, peets, playwrights and literary folk from Cornish, and surrounding hills, were coats, and sat on rough wooden benches fixed on a slope of a hill at the foot of which was the stage. This was marked by logs, behind which colored foot-lights threw a shadowy light on the encircling pines. Bird whistles and the incidental strains of an orchestra con-

incidental strains of an orchestra concealed in the trees and an occasional dance by the players, lightened the piece, which was written by Percy MacKaye.

As a prelude to the performance, Miss Margacet Wilson, oldest daughter of the President, sang "The Hermit Thrush," and at the conclusion of the play Herbert Adams presented, on behalf of the artists and members of the Meridin Bird Club, to Mrs. Woodrow Wilson, patron of the performance, a parchment scroll in dedication of the bird sanctuary, where the play was given.

Besides the President and Mrs. Wilson, the presidential party consisted of Miss Jessie Wilson, second daughter, her fiance, Francis B. Sayre, and several house guests.

Mrs. Herbert Adams, wife of the artist, slipped on rough ground and broke her left leg and dislocated an ankle just before the performance began. She was taken to her home and cared for by a physician.

ACADEMY SESSION DEFERS ACTION BEGINS THURSDAY ON GAS FRANCHISE

WOULD COMPETE WITH CITY

Company Asks for Right to Construct Rival System of Mains and Pipes.

Southside, preparatory to the installa-tion of a complete gas manufacturing plant, and the supplying of its pro-duct in competition with the city. The franchise new owned by the company gives it liberal powers in this direc-

The matter has been before the committee for several months. Final dis-position of it has been repeatedly de-ferred at the request of members of the committee and officers of the com-pany. Informal discussion of both pany. Informal discussion of both plans yesterday by members of the committee revealed a well-defined nostility to the idea of permiting a private corporation to enter into competition with the city in the business of supplying gas to the Southside. More than \$40,000 has been spent by the city in laying gas mains in Southside. More than \$40,000 has been spent by the city in laying gas mains in South Richwood, and as soon as the requisite connection can be established with the monster gas main in the new Mayo Bridge, the Southside will be turnished gas by the city plant at the same charge made to citizens on this side of the river.

Council Declines to Buy

Was take my last year's nair, or the Hopkins Furniture the cut of that fetching gown—get the fetching, that's a word I heard while nobody was looking, and it's a mighty good word, because Mr. Webster, probably the best of our short story writers (if that's over your head, grow taller), says so—well, anyway, forgetting the old stuff. I'm writing this because I do love Richmond.

You know I began this story all

Council Declines to Buy.

Various proposals have, in the past, been submitted to the Council looking to the purchase by the city of the Manchester Light, Heat and Power Company's holdings. The old Light Committee conducted an inquiry into

Committee conducted an inquiry into the matter, and recommended to the Council that the city purchase the company's equipment for about \$5,000. The plan, however, was voted down.

The company at present operates a small acetylene plant, supplying this gas through a system of small-bore pipes to some of the business houses on Hull Street. With its blue parts. on Hull Street. With its blue print showing the new system of mains it proposed to construct, the compary filed a statement declaring its inten-tion to build a plant for the manufacture of the same kind of gas as is now used by the city. Superintendent Knowles, of the Gas Works, has stated
